EDUCATION

Master of Science — Mathematics 2019

Faculty of Science & School of Graduate Studies, Memorial University, St. John's, NL

Thesis: Constructing Static Black-Soliton Spacetimes

Supervisor: Dr. Hari Kunduri

Bachelor of Education — Intermediate/Secondary (Mathematics & Science) 2019

Faculty of Education, Memorial University, St. John's, NL

Concentration in Mathematics & Science Education; secondary internship at Prince of Wales Collegiate.

Bachelor of Science, Joint Honours — Applied Mathematics and Physics 2015

Faculty of Science, Memorial University, St. John's, NL

Thesis: Adaptive Mesh Methods and a Schwarz Algorithm Implementation of a Smoothed Mesh Generating Function

Supervisor: Dr. Ronald Haynes

EMPLOYMENT HISTORY

Instructor & Learning Manager, Holland College, Summerside & Charlottetown, PE Aug 2022 – Present

- Design and deliver post-secondary mathematics and physics courses within Industrial Technology and Trades programs, serving students across trades disciplines including energy systems, electrical, and construction technology
- Lead curriculum development and course redesign initiatives, aligning technical content with industry standards and program learning outcomes
- Collaborate in a cross-functional instructional team to support student academic success, transitions, and professional preparation
- Serve as faculty representative on the Culture and Inclusion Advisory Committee, contributing to institutional equity and belonging initiatives (2025–present)

Health Information Specialist, Health PEI, Charlottetown, PE Aug 2021 – Aug 2022

- Developed backend data pipelines and analytics tools in R and SQL to support provincial health system operations and reporting
- Built and maintained databases and dashboards used in day-to-day health information workflows, working with tools including RStudio and DBeaver

Instructor, College of the North Atlantic, Carbonear, NL Aug 2019 – Aug 2021

- Sole instructor for Algebra and Trigonometry, Finite Mathematics, and Calculus within the College-University Transfer Program
- Designed all course assessments, managed course administration, and delivered instruction to cohorts of first-year students
- Selected by the department to develop online teaching modules and digital learning resources during the institutional shift to remote instruction
- Served on the Campus Scholarship Committee as faculty representative (2019–2021)

GOVERNANCE, COMMITTEES & CIVIC ENGAGEMENT

Trustee & Chair, Finance and Audit Committee, Public Schools Branch, PE 2025 – Present

- Appointed trustee with governance oversight of a public school authority serving approximately 20,000 students, 4,000 staff, and a \$240M annual budget
- Chair the Finance and Audit Committee; lead financial reviews, audit planning, and financial reporting to the full board

- Participate in policy development, budget approval, and strategic planning at the board level

Member, *Affordable Housing Advisory Committee, City of Charlottetown* 2025 – Present

- Provide community and analytical perspective on municipal housing policy, affordability initiatives, and development planning

Faculty Representative, *Culture and Inclusion Advisory Committee, Holland College, PE* 2025 – Present

Faculty Representative, *Campus Scholarship Committee, College of the North Atlantic, Carbonear, NL* 2019 – 2021

PROFESSIONAL DEVELOPMENT & CERTIFICATIONS

Leadership Institute for Future Leaders in Management, *Colleges and Institutes Canada* 2025

- Completed a national leadership development program focused on strategic thinking, governance, and management practice in Canada's college and institute sector

Certificate in First Nations, Métis and Inuit Studies (in progress), *Queen's University* expected 2027

Teaching Skills Enhancement Program (TSEP), *Memorial University* 2018

- Prepared and delivered lectures for an introductory undergraduate mathematics course under faculty supervision; participated in pedagogy seminars across disciplines

Graduate Program in Mathematics and Statistics Teaching, *Memorial University* 2018

- Delivered lectures in Linear Algebra; attended seminars on post-secondary teaching practice and the responsibilities of the educator role

Teaching Certifications

- **Certificate in Adult Education (Equivalent)**, Prince Edward Island (2024)
- **Post-Secondary Instructors Certificate**, Newfoundland and Labrador (2021)
- **Secondary Teaching Certificate VII**, Newfoundland and Labrador (2019)

SCHOLARLY ACTIVITY

Publications

Jahrul Alam, Raymond Walsh, Alamgir Hossain, & **Andrew Rose**. "A Computational Methodology for Two-Dimensional Fluid Flows." *International Journal for Numerical Methods in Fluids*, 2014.

Presentations

"Constructing Static Black Hole-Soliton Spacetimes" Oct 2019

M.Sc. Thesis Presentation, *Memorial University, St. John's, NL*

"Adaptive Mesh Methods and a Smoothed Schwarz Algorithm Implementation" Sept 2014

Summer Undergraduate Research Forum, *Memorial University, St. John's, NL*

"Numerical Simulation of Two-Dimensional Fluid Flow" Sept 2013

Summer Undergraduate Research Forum, *Memorial University, St. John's, NL*

AWARDS & HONOURS

NSERC Canadian Graduate Scholarship – Master's (CGS-M), \$17,500 2017

Memorial University, St. John's, NL

Recognition of Excellence 2018

School of Graduate Studies, Memorial University, St. John's, NL

Dean's Excellence Award, \$5,000 2017

School of Graduate Studies, Memorial University, St. John's, NL

Queen Elizabeth II Graduate Scholarship in Science and Technology , \$15,000 – declined <i>University of Waterloo</i> , Waterloo, ON	2015
Science Undergraduate Research Award (SURA) , awarded 2013, 2014, 2015 <i>Memorial University</i> , St. John's, NL	2013–2015
Dean's List <i>Memorial University</i> , St. John's, NL	2013–2015
The Harvey and Doris Murcell Scholarship , \$1,000 <i>Memorial University</i> , St. John's, NL	2014

SKILLS & COMPETENCIES

Programming C, C++, FORTRAN, Java, JavaScript, L^AT_EX, Mathematica, MATLAB, Python, R, SQL
