EDUCATION

- Bachelor of Education** - Intermediate/Secondary (Mathematics & Science) 2019
Faculty of Education, *Memorial University*, St. John's, NL
- Master of Science** - Mathematics 2019
Faculty of Science and School of Graduate Studies, *Memorial University*, St. John's, NL
Thesis: Constructing Static Black-Soliton Spacetimes
Thesis Supervisor: Dr. Hari Kunduri
- Bachelor of Science, Joint Honours** - Applied Mathematics and Physics 2015
Faculty of Science, *Memorial University*, St. John's, NL
Thesis: Adaptive Mesh Methods and a Schwarz Algorithm Implementation of a Smoothed Mesh Generating Function
Thesis Supervisor: Dr. Ronald Haynes

EMPLOYMENT HISTORY

- Instructor/Learning Manager**, *Holland College, Summerside and Charlottetown, PE* Aug 2022 - Present
- Responsible for the delivery and development of post-secondary courses in mathematics and physics within Industrial Technology and Trades programs
 - Work within a highly interdisciplinary team to meet student needs for academic success and professional preparation
- Health Information Specialist**, *Health PEI, Charlottetown, PE* Aug 2021 - August 2022
- Developed backend code for various projects related to the day-to-day functioning and analytics of Health PEI
 - Experience working with various coding languages such as R and SQL, as well as associated software such as RStudio and DBever
- Instructor**, *College of the North Atlantic, Carbonear, NL* Aug 2019 - Aug 2021
- Sole instructor for first year courses in Algebra and Trigonometry, Finite Mathematics, and Calculus within the College-University Transfer Program
 - Responsible for design and administration of evaluation as well as delivery of instruction and content
 - Selected to develop teaching modules and resources for online instruction

PROFESSIONAL DEVELOPMENT & CERTIFICATIONS

- Leadership Institute for Future Leaders in Management**, *Colleges and Institutes Canada* 2025
- Attended the Colleges and Institutes Canada's Leadership Institute for Future Leaders in Management
- Certificate in Adult Education (Equivalent)**, *Prince Edward Island* 2024
- Granted equivalency to the Certificate in Adult Education (CAE) by Holland College
- Post-Secondary Instructors Certificate**, *Newfoundland and Labrador* 2021
- Certified Post-Secondary Instructor in Newfoundland and Labrador.
- Secondary Teaching Certificate VII**, *Newfoundland and Labrador* 2019
- Licensed to teach at the Intermediate/Secondary levels across Newfoundland and Labrador
- Teaching Skills Enhancement Program (TSEP)**, *Memorial University* 2018
- Participated in discussions surrounding the unique challenges faced by different disciplines and learning styles
 - Prepared and delivered lectures for an introductory level undergraduate course in mathematics under the supervision of a faculty member
- Graduate Program in Mathematics and Statistics Teaching**, *Memorial University* 2018
- Attended various seminars on the role and responsibilities of a post-secondary educator
 - Delivered lectures on an introductory topic in the mathematical sciences (Linear Algebra)

COMMITTEES, GROUPS, ORGANIZATIONS & VOLUNTEERING

Member , Affordable Housing Advisory Committee <i>City of Charlottetown</i> , Charlottetown, PE	2025 - Present
Trustee , Board of Trustees <i>Public Schools Branch</i> , Stratford, PE	2025 - Present
Faculty Representative , Culture and Inclusion Advisory Committee <i>Holland College</i> , Charlottetown, PE	2025 - Present
Faculty Representative , Campus Scholarship Committee <i>College of the North Atlantic</i> , Carbonear, NL	2019 - 2021

INVITED LECTURES & CONFERENCES

“Constructing Static Black Hole-Soliton Spacetimes” Masters Thesis Presentation <i>Memorial University</i>	Oct 11 2019
“Adaptive Mesh Methods and a Smoothed Schwarz Algorithm Implementation,” Summer Undergraduate Research Forum <i>Memorial University</i>	Sept 22 2014
“Numerical Simulation of Two-Dimensional Fluid Flow” Summer Undergraduate Research Forum <i>Memorial University</i>	Sept 16 2013

PUBLICATIONS

Jahrul Alam, Raymond Walsh, Alamgir Hossain, **Andrew Rose** “A computational methodology for two-dimensional fluid flows,” in *International Journal for Numerical Methods in Fluids*. 2014.

SKILLS & COMPETENCIES

Programming: C, C++, FORTRAN, Java, JavaScript, L^AT_EX, Mathematica, Markdown, MATLAB, Python, R, SQL
Operating Systems: Linux, Microsoft Windows, MacOS

AWARDS & HONOURS

Recognition of Excellence <i>School of Graduate Studies, Memorial University</i> , St. John’s, NL	2018
Dean’s Excellence Award , \$5,000 <i>School of Graduate Studies, Memorial University</i> , St. John’s, NL	2017
NSERC Canadian Graduate Scholarship - Master’s (CGS-M) , \$17,500 <i>Memorial University</i> , St. John’s, NL	2017
Science Undergraduate Research Award (SURA) <i>Memorial University</i> , St. John’s, NL	2013, 2014, 2015
Dean’s List <i>Memorial University</i> , St. John’s, NL	2013, 2014, 2015
Queen Elizabeth II Graduate Scholarship in Science and Technology , \$15,000 - Declined <i>University of Waterloo</i> , Waterloo, ON	2015
The Harvey and Doris Murcell Scholarship , \$1,000 <i>Memorial University</i> , St. John’s, NL	2014
